

OOPSIDAIKY

Verse 1

Forgot to get out of bed this morning
Oopsidaisy, don't be lazy
Been such a sleepy head this morning
Oopsidaisy, don't be lazy

I woke up just in time
To see Mr Sun wave goodbye
And then the stars came out to shine
And Mr Moon sang his lullaby tune

It's beddy bye time
It's beddy bye time good night
It's beddy bye time
It's beddy bye time good night

Verse 2

Didn't get to go to sleep last night
Oopsidaisy gone a bit crazy
Even tried counting sheep last night
Oopsidaisy gone a bit crazy

With spooky sounds giving me a fright
Like howls and moans and scary cries
And just when I close my eyes
The day begun with Mr Sun singing

It's time to rise and shine
It's time to rise and shine this time
It's time to rise and shine
It's time to rise and shine this time

Bridge

I was so tired
But oh so wired
My mind was hazy
And all I could say was "Oopsidaisy"
